- Install both canvas: Start with the corners, insert silicone strip into groove in frame.
(Note: tuck loose threads inside before inserting into groove so they are hidden.)
Ensure that stitched side of silicone strip is inserted FIRST.
- **Installer les deux tissus: Commencer par les coins, insérer la bande de silicone dans la rainure du bord du cadre. (Remarque: cacher les fils desserrés à l'intérieur avant d'insérer dans la rainure pour les cacher). S'assurer que le côté cousu de la bande de silicone est inséré EN PREMIER.**
- Instalación de los dos lienzos : Comenzar por las esquinas, insertar la banda de silicón en la ranura del marco. (Nota: ocultar los hilos sueltos al interior antes de insertar la tela en la ranura para ocultarlos).
Asegurarse que el lado costurado de la banda de silicón sea insertada DE PRIMERO.
